Pool Safety Checklist

👀 Always Watch Always Close

- ☐ Stay within arm's reach anytime your child is in or near water
- ☐ Use a Water Watcher (no phones, no distractions, full attention)
- ☐ Stay within arm's reach anytime your child is in or near water

Protect Your Pool Area

- ☐ Lock all doors leading outside to the pool
- ☐ Install door and window alarms if possible
- ☐ Install a 4-sided safety fence (not using the house as one side)
- ☐ Make sure gates are self-closing and self-latching

🧸 Toy Safety Rule (Very Important)

- ☐ Remove ALL toys and floats from the pool and deck after swimming
- ☐ Store them out of sight

💡 Why this matters:

Toys act like magnets. Children may try to go back to the water to get them.

🛟 Be Ready for Emergencies

- ☐ Learn CPR for infants and children
- ☐ Keep poolside rescue items nearby:
  - Life Ring
  - Shepherd's Hook
  - Charged Phone
  - First Aid Kit

🌙 End-of-Day Pool Closing Routine

- ☐ Remove all toys from pool and deck
- ☐ Store floats and toys out of sight
- ☐ Lock pool gates and doors
- ☐ Turn on alarms
- ☐ Secure safety pool cover (if you have one)

❤️ Baby Otter Reminder:

DROWNING IS SILENT AND FAST.

LAYERS OF PROTECTION SAVE LIVES.
